

9<sup>th</sup> June 2020

Dear Parent/Guardian

**Re: Class Group 10A/Hs1 - Health and Social Care coursework**

I hope you are all well and coping with the current situation.

I am emailing to provide you with an update about your daughter's Health and Social Care coursework. Students have recently been set their final piece of coursework for this year; a report on local health and social care services that would be available to people in a fictional scenario.

According to exam board rules, the final version of the coursework needs to be completed by the end of this term and is worth 15% of the final qualification. The department have set **23rd June** as an internal deadline. This will allow us the opportunity to mark the work and give students the opportunity to make any improvements as a result of their feedback. The second draft must then be submitted before the end of term.

I realise everyone is working in circumstances that are more challenging than usual so please encourage your daughter to keep in touch with me and ask if she needs any help. We will be meeting for some face to face lessons from the week beginning June 15th but the majority of the work will still need to be done independently.

On behalf of the Social Sciences department I would like to thank you for your continued support.

Yours sincerely

Mrs C. Daly  
Health & Social Care Department
