Dear Parent/Guardian

Re: MyFrog App

I would like to make you aware of a new MyFrog app which is available for download for Android and iOS devices. The app does not have the full functionality of the Frog website, but is a quick and easy way to check what home learning has been set for your child.

Once you have installed the app, you will need to enter the URL froglearn.holt.wokingham.sch.uk on first use, and then log in with the usual details for your Frog account. Students are also able to download and use this app.

While on the subject of home learning on Frog, I would like to clarify a couple of points:

- Students are able to double click on an assignment and mark it as having been completed when they have finished it. This moves the task from their 'open' list to their 'completed' list and allows them to more easily keep track of assignments that are still outstanding.
- Staff do not provide marks for home learning via Frog. Feedback will generally be given in your child's exercise book or folder.

I hope that you find the app useful in supporting your child's learning.

Yours sincerely

Mr Ben Adams
Assistant Headteacher
