

Guidance on use of face covering when travelling to school or college

Children aged 11 and over are legally required to [wear a face covering on public transport in England](#), unless exempt for health, age or disability reasons.

In accordance with advice from Public Health England, we recommend that local authorities advise children and young people aged 11 and over to wear a face covering when travelling on dedicated school transport, unless they are exempt. Coronavirus (COVID-19) usually spreads by droplets from coughs, sneezes and speaking. When used correctly, wearing a face covering may reduce the spread of coronavirus (COVID-19) droplets in certain circumstances, helping to protect others.

Schools should support local authorities in promoting the use of face coverings when travelling to and from school, and help them to resolve any issues of non-compliance where appropriate.

The [‘Hands. Face. Space.’ campaign](#) urges everyone to continue to wash their hands, cover their face and make space to control infection rates. The NHS has released a [‘Hands. Face. Space.’ video](#) that may be a useful resource when communicating the importance of wearing a face covering on transport directly to children and young people.

Further information on face coverings can be found in our [guidance on transport to school and other places of education: autumn term 2020](#).
