September 2017

Dear Parent/ Guardian

Re: Year 9 - Textbooks

As you will be aware Year 9 is an important transitional year for our students as they embark upon their GCSE option choices and start their GCSE courses in Maths and POR.

At this time we are often asked how parents can support their daughters' learning at home. Some parents have found it useful to purchase additional textbooks for home-use which can support the teaching and learning which takes place during lessons. Please find attached a list of textbooks recommended by our subject staff.

There is absolutely no expectation that you purchase these textbooks but some of them may prove useful as your daughter progresses through Year 9.

Yours sincerely

G. Priddy

Mrs Gemma Priddy
Head of Year 9

Textbooks to support learning in Year 9 (September 2017)
