

16th November 2018

Dear Parent/Guardian

Re: Td/IPV/Meningitis & catch up MMR

There will be an immunisation session run by school nurses to vaccinate year 9 students against Diphtheria, Tetanus and Polio (Td/IPV) Meningitis ACWY and catch up MMR for students who have not received two doses of MMR previously. These injections are part of a national immunisation programme. You are receiving this letter because your daughter is required to attend a session.

The sessions will be run on **Monday 14th January 2019 and Tuesday 15th January 2019**. Your daughter will be called over to the school library to have her vaccination.

The consent form for this vaccination will be given to your daughter to bring home. Please complete and return the form to us before **Thursday 13th December 2018**. If your daughter is in need of a new form, please ask her to collect a new one from Student Support.

Those pupils in year 9 who, according to the School Aged Immunisation Team records have an incomplete history of receiving Mumps, Measles and Rubella (MMR) vaccines, will be sent a MMR consent form to their home address which will arrive in a brown envelope. For your information, two doses of the combined (not singular) MMR vaccine are required to complete the course.

If you are unsure about these vaccinations or require any further information, please contact the School Aged Immunisation Team:

West Berkshire schools

Tel: 0118 920 7575 (Wokingham/Reading/Newbury/Thatcham/Hungerford)

East Berkshire schools

Tel: 01753 636759 (Slough/Bracknell/Windsor/Ascot/Maidenhead)

If you have any questions about the immunisation day in school, please contact The Holt School Student Support team.

Yours sincerely

Mrs K Maynard
Student Support Manager
