

APPLICATION FOR FREE SCHOOL MEALS

GUIDANCE NOTES FOR PARENTS AND GUARDIANS

Children registered as students at The Holt School and whose parents receive the following support payments are entitled to receive free school meals. This includes sixth form students.

- Universal Credit – the household income must be less than £7,400 a year (after tax and not including any benefits received)
- Income Support
- Income-based Jobseeker's Allowance
- Income-related Employment and Support Allowance
- Support under Part VI of the Immigration and Asylum Act 1999
- The Guarantee element of State Pension Credit
- Child Tax Credit (provided they are not also entitled to Working Tax Credit and have an annual gross income of £16,190 or less)

Additional Notes:

Where a parent is entitled to Working Tax Credit, *only* during the four-week period immediately after their employment ceases (or after they start to work less than 16 hours per week) are their children entitled to free school meals. Working Tax Credit includes an allowance for meals, which is why families receiving this benefit are not normally entitled to claim free school meals.

Children in the care of the Local Authority, e.g. foster children, or of a voluntary organisation, cannot be considered for free school meals.

Children who receive a qualifying benefit in their own right are also eligible to receive Free School Meals.

In all cases, please note that a request for free school meals must be made in order for a child to become eligible. The cost of school meals cannot be claimed for any period prior to a claim for free school meals being made.

How to make a claim:

If you are in receipt of an eligible benefit, we use an online checking system provided by the Department of Education. This connects with the Department of Work and Pensions and tells us whether you are eligible for Free School Meals. It does not provide us with any other information.

You will only need to complete one form once. The benefits are:

- Eligibility will be checked automatically for you each term
- You will no longer have to produce evidence of any benefits or of your income to the school
- The Holt School will receive only a yes/no answer from the online checking system– this means we will not have access to any of your personal income or benefits information.

How do I apply?

1. Complete an application form in full and give this to The Holt School office.
2. An on-line check will be made using the information provided on the form. The system will provide a yes/no confirmation of your eligibility.
3. The Holt School will inform you of the result and the effective date of your eligibility.
4. If for any reason it is not possible to make an on-line check, you will need to provide documentary evidence of eligibility to the school. If your circumstances have recently changed, and you believe the online check result may be wrong, you may need to provide documentary evidence of eligibility to the school. The school will confirm eligibility, based on an assessment of the evidence provided, and the effective date. Details of appropriate documents to provide as evidence are given overleaf.
5. Your entitlement commences on the date when an application is made to the school. Claims to be reimbursed for any school meals previously paid for during your period of benefit entitlement will not normally be met.
6. You must inform the school immediately of any change in your benefit entitlement. The school will use online checking on a regular basis to confirm that families are still entitled to free school meals. (Parents will not need to be asked to complete new forms.) If you have not already told the school yourself, but the online check advises that you are no longer eligible, the school will inform you and confirm the end date of free school meals.

What if I disagree with the decision?

If your circumstances have recently changed, the information available through the on-line system may not be up to date. In these cases, you may need to provide documentary evidence of your eligibility to the school. For example, if you have just become unemployed you may still receive working tax credit (normally for the first four weeks of unemployment). In these circumstances the on-line system will not recognise that you are eligible for free school meals, and you will need to provide documentary evidence to the school.

In all other cases, where your circumstances have not recently changed, you will need to contact Job Centre Plus or your benefits agency if you feel the result of the online check is incorrect. The online system checks against the records held by these agencies, but the school is not informed of the reason why your claim is accepted or rejected.

Data Protection:

The information held is subject to the Data Protection Act 2018 and will be processed only in accordance with the Data Protection Act. Information contained on the application form is personal data and will be held in a computer. The information you supply will be used by LGSS to process your application for Free School Meals and will be shared with The Holt School and with the Department of Work and Pensions for the purpose of assessing your eligibility.

Recommended Documentary Evidence (in cases where this is required). Documentary evidence is not required where the online checking system is being used to confirm eligibility.
